

41<sup>st</sup> Annual Institute for Alcohol and Drug Studies  
University of Southern Indiana  
University Center West ±Carter Hall  
Conference Agenda

Wednesday, May

UC 2217	UC 2219	
<p>History , Science and Future of the Iatrogenic Addiction Epidemic *</p> <p>This presentation will describe the root causes of the iatrogenic addiction epidemic and its evolution over the last decade. We will overview current trends and manifestations of the problem at the interface of health care and criminal justice, concluding with a discussion of a better future in which health care becomes a solution rather than source of the problem.</p> <p>Andrew Chambers , MD IU School of Medicine/Dept. of Psychiatry</p>	<p>Trends in the Use and Distribution of Illegal Narcotics *</p> <p>Detective Budde will focus on a wide range of drug ingestion methods, drug identification, user quantities vs. dealer quantities, current retail prices, current wholesale prices, global trade routes, and global sources of supply. The presentation will provide basic knowledge of drug recognition and an understanding of the rapidly evolving drug distribution culture.</p> <p>James Budde, Detective Office/DEA Task Force Officer</p>	<p>Restorative Yoga*</p> <p>Beth Franklin</p>

3:00 ±3:15 p.m. Exhibits and Refreshments
